UNVEILING CUB'S DEN

THE KIDS STUDIO

Introduction

"Cub's Den - The Kid's Studio

An entirely novel concept – a perfect platform for children to expand their boundaries by learning to explore and experiment. We cultivate, refine and reinforce a child's skills by implementing a research based holistic approach that offers a perfect adjunct to conventional schooling."

Vision

We strive for excellence and aim to serve as role model for early childhood development for the community at large. We envision a society that is cognizant of the significance of early development of each child's core skills for a better tomorrow.

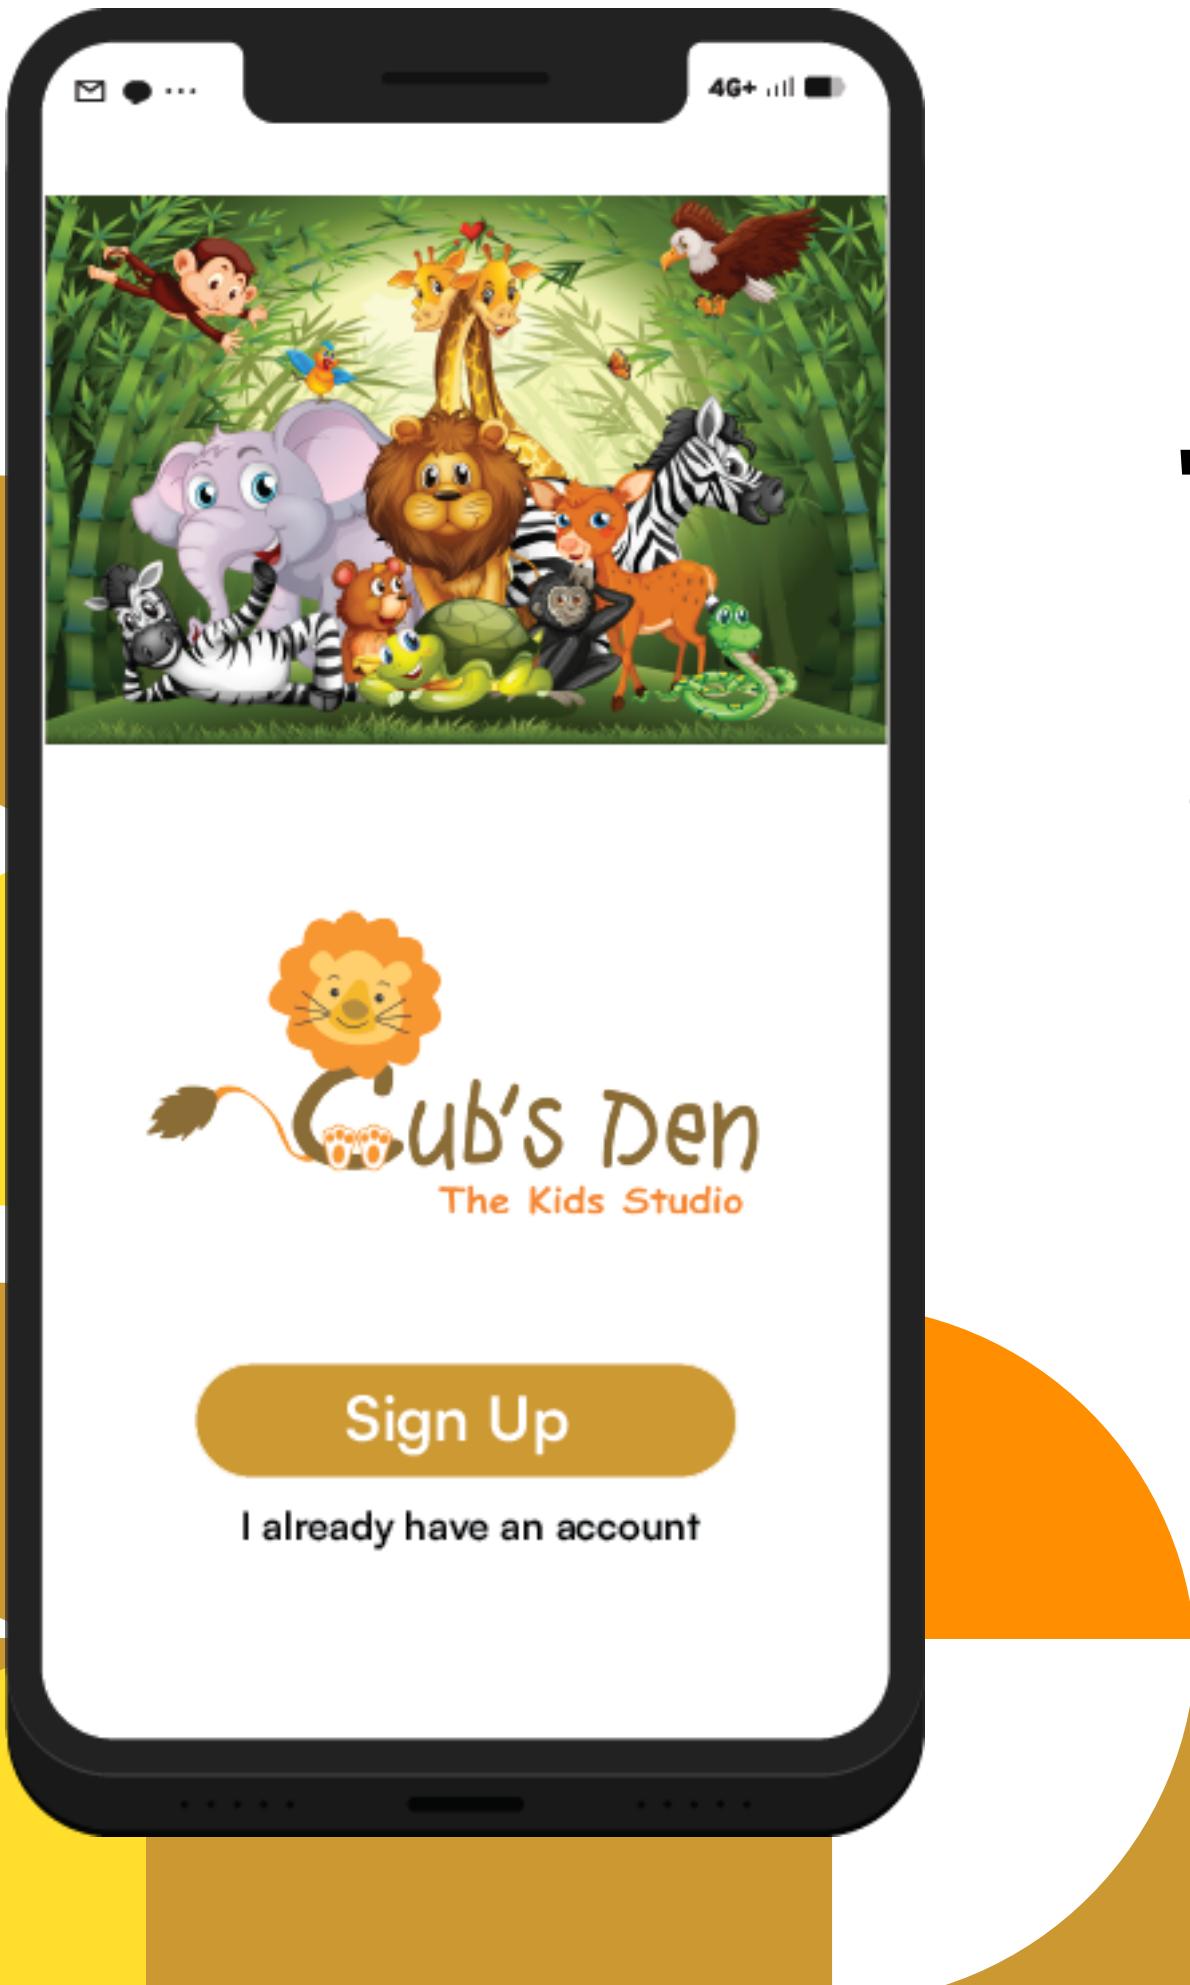

Mission

The role of Cub's Den is to provide exploratory experiences that enable a child to develop core skills and reach their fullest potential. We focus on the all round development of each child physical, intellectual, socio – emotional, spiritual and moral.

Concept

"Children love to play and they learn through play. Exploration and Experimentation are crucial to early development of the brain and greatly impact learning later in life. We have designed research based training programs geared towards child-centric learning in a perfectly structured environment bringing to you the most innovative fun learning experience".

Programs

"Cub's Den – The Kid's Studio welcomes children to play, explore and enjoy in an inspiring and amusing environment that provides a worthy learning experience."

Cub's Den AFTER SCHOOL PROGRAM

We provide different AFTER-SCHOOL PROGRAMS. A good after school program can turn the hours after school into productive learning time.

These programs vary in focus areas such as reading, sports, performing arts, and more. This help to shape the overall personality of the child, burn up their excess energy and explore their creativity. They can also foster friendships, mentorship, and coaching opportunities. Choosing the best after school program for your child can depend on several factors such as your child's interests, age, and needs.

Cub's Den- The kids studio's carefully balanced program features a full day of developmentally and age-appropriate programs and activities that each child will enjoy.

What makes it stand out is the well-equipped and trained team of Cub's Den. Our highly skilled trainers expose children to specific activities using sophisticated equipment and techniques providing a unique hands-on training that is totally different to any of the day to day experiences.

Trainers at Cub's Den strive to enhance each child's core skills whilst improving their confidence and ability to work independently. They acquire the ability to monitor and evaluate child's performance and preferences.

USP for Parents

We provide a unique program that will help and mould your child to be ready for their early schooling years with ease.
